# Civics

At the beginning of March, the University of Alberta updated community leagues on the status of construction on the farm.

- Two soccer fields will be constructed near the 63 avenue farm entrance this summer. The fields will be ready for the 2020 soccer seasons. One will be sunken like Lendrum's soccer field.

- The roads adjacent to the Saville Centre will see construction this summer to improve pedestrian crossing safety. The University is addressing recent pedestrian-vehicle incidents.

- A two-story building about the size of a large house called "the cube" will be built over the next two years near the 60th avenue entrance to the farm. The cube will facilitate the future power needs of south campus.

- The "feed mill" which is a structure adjacent to the south west of the Saville Centre will be demolished in the next year and its functions transferred to the Discovery Centre which is the large building at the end of 60th street.

- A double arena is planned to the west of the Saville Centre and has a city commitment for funding but needs additional funds to proceed.

- The Department of Kinesiology is exploring the possibility of a cross country ski trail on the farm close to the Saville Centre where existing lighting can be used to advantage. The farm management does not want organizations like Ski2LRT using snowmobiles to build trails because recreational snowmobilers might decide to start using the farm based on the example.

- Demolition of some Mitchener Park residences will start soon as the buildings are vacated. The university will transfer the land to the University Land Trust. The Trust has not identified a final use for the land.

- The university is willing to come to the community hall to discuss the relationship between it and Lendrum if residents are interested. The university is doing a broad consultation with Albertans on the university's public role.

In other news, the construction of the super lab has started north of the school for the deaf. The UCP has said they will cancel the construction if elected.

The City is undertaking a revision of zoning bylaws to simplify the number of zones and associated rules.

# School News

Hello/Bonjour Lendrum community! We hope you are enjoying the sunshine!

We just finished our Spring Concert, which had students share a variety of international songs and dances. It was a fun evening, and just happened to be on the first day of Spring!

Our school had several students compete at the annual Running Room games at the Butterdome. We had some excellent individual results, as well as a fantastic team effort in the mixed relay competition, in which we won first overall. We are very proud of our students and their efforts in representing our school.

The École Lendrum School Division 1 choir, led

by Mrs. Stout, hit the road to visit Pleasantview Place and South Terrace. They performed for our senior friends and enjoyed treats and conversation after their performances.

Upcoming events at the school include our annual Art In Week at the end of April, during which we will experience a photography residency! We also have several field trips for our classes as we enjoy the benefits of warmer weather.

Our pre-enrolment process will be completed by mid-April, as we continue planning for 19/20!

Wowza!

On behalf of the school, I thank you for your ongoing support and wish you a lovely Spring.

Jason Ludwar  
Principal/Directeur

# Lendrum Happenings

## Canada Day Bike Race and Barbecue

Lendrum will once again be hosting the Canada Day Criterium and Community. The race will follow the same route as it did two years ago. If you are directly affected by the course you will receive a notice in your mailbox. Please note all residents have access to the alley behind their house if the front of your house is on the course.

The very popular kids race will be part of the day again. Volunteers will be needed to help with the barbecue and beer garden - a fund raiser for the community.

Mark your calendars and plan to join us

A big thank you to Georgina Hawkeye and everyone involved in the Lendrum Winter's Fair. Despite the coldest February in recent memory, it was wonderful to see so many Lendrum residents resiliently celebrating winter and having a great time.
