

Lendrum Community League  
2015 AGM Report  
Respectfully submitted by Lance Adamson

Use of the space:

We have one of the best facilities in Alberta. The sand is great, the number of courts, the visibility in the community, amount of activity people are doing.

Financial information:

The sand volleyball courts continue to bring in positive revenue to the community league budget. This past year we saw the third full season of the new courts in the rink. The full cost of the courts was just under \$51,000. We have a contact with the ESSC for the funding of the courts. We will begin to have revenue in 2016.

We have other renters of the courts including school groups, tournament organizers and one time users and community members.

Bookings:

We have league bookings every night of the week from 6 – 10 pm except Friday and Saturday. We have school groups in 4 – 6 Monday to Thursday. We have tournaments in about three times per month. We have at times challenges with hall bookings at the same time but we try to avoid big overlaps.

Concerns:

1. Music – Volume and type of music. We have been dealing with the groups on as needed basis.
2. Parking – the use of the community parking is an issue but a positive issue when it controls the speed of the cars in the community.
3. Sand in the rink – We will continue to work with the ice makers to provide a flat surface in the fall. We will have to put more sand on the courts this year.
