

THE COMMUNITY OF LENDRUM PLACE

DONATE AND SUPPORT

Park Redevelopment Committee Chair: Allison Nitchke playground@lendrum.org

The concept budget for Phase II - the Spray Park Redevelopment - is \$529 250. The majority of those funds come from the successful application of various grants. To obtain many of those grants, our community must show that we are committed to the project and fundraise a matching amount of our own. We need our community to fundraise \$75,000. We hope to do it through brick sales and community events.

A Legacy for Lendrum

Personalized engraved bricks will be used to pave some of the park setting to create a lasting display of your support with your name displayed alongside those of your friends, neighbours, and community organizations.

4" x 8" bricks are \$100 8" x 8" bricks are \$500

Thank You to Phase II Donors
