Walking to School

The City of Edmonton and SHAPE Alberta (Safe Healthy Active People Everywhere) encourage students to walk or bike to school on a regular basis through the Active & Safe Routes to School program. Active & Safe Routes to School is coordinated in Alberta by SHAPE (Safe Healthy Active People Everywhere).

Why walk to school?...Walking to school has many benefits, for students and parents.

- Encourages children and teens to be active and healthy
- Fosters independence and responsibility
- Improves students' safety by reducing traffic congestion around the school
- Manages parents' time more efficiently
- Helps save money on gas, Reduces carbon emissions and improves air quality

What is Idling?

Idling is a bad
 habit that
 wastes fuel,
 adds to pollu-
 tion and can contribute to health problems. Unnecessary idling
 costs Canadians millions of dollars every year and it's a major

contributor to climate change. Idling
 your vehicle less will save you money
 on fuel, improve air quality in your
 community and reduce emissions con-
 tributing to climate change.

Operation Speed Bump..is working...let's keep it going!!!

Lendrum residents you have the potential
 of making life a little slower for motorists
 that are using our streets
 as a race track & short
 cut. When ever possible
 make your route in and out
 of the community along the

30km zone in front of Avalon School. Make sure you
 drive no faster than 30km....by doing this you will frus-
 trate speeders that are using the route as a short cut.
 In addition we will be requesting more speed traps and
 police presence to help curb the high speeds and people
 using it as a fast through route. By saying below 40km in
 non marked areas and 30km in marked areas we will slow
 down traffic and make Lendrum a safer & quieter place
 to live.

Over the upcoming year we will be asking the City to de-
 velop traffic calming measures which will decrease the
 current problems and minimize any future ones caused
 by south campus development.

Next Community Casino slated for February 2011

Watch our website and future news-
 letters for information related to how
 you can volunteer to help. Keep in mind that this
 is our primary way we generate funds, with out
 volunteers we would not be able to participate.

Stay safe around LRT - Be TraXSafe

Use caution and obey all traffic signals and con-
 trols. Stay safe around the LRT!

Neighbourhood Watch Notice

Please call a Neighbourhood Watch number if you have any information that needs to be reported to our network. We then can alert people to be more watchful & to increase security measures (The police do not call us).

If there is an emergency situation happening please call 9-1-1.

If you need a patrol car to come out to the community or your home please call the police at 423-4567. (eg. Suspicious person or vehicle)

Any reports of suspicious or criminal activity should be reported to neighborhood watch zone leaders, so that it can be noted in the newsletter under **Alert**. Reports must be filled out at the Fairway Police Station at 119th street and Fairway Drive, the phone number is 496-8550.

Check out www.crimemapping.edmontonpolice.ca

Alert (Safer Streets... You can help!!!

All residents please continue to be on the look-out for vehicles and motorcycles generating high levels of noise and speed; we need to have zero-tolerance for speeding within the neighbourhood. We are currently tracking license plate numbers of individuals that are breaking the law. If you notice any situation that we should be aware of, please call Neighbourhood Watch and/or the City Police to file a complaint. Motorists with a high number of complaints logged against them will see follow-up action by both our Neighbourhood Watch and the City Police....Your efforts are helping make Lendrum a safer place to live.

PUT YOUR CAR KEYS BESIDE YOUR BED AT NIGHT

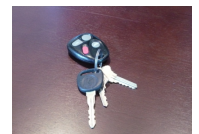

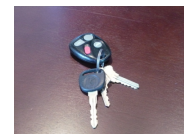

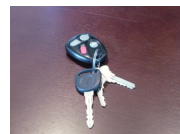

If you hear a noise outside your home or someone trying to get in your house, just press the panic button for your car. The alarm will be set off, and the horn will continue to sound until either you turn it off or the car battery dies.

This tip came from a neighborhood watch coordinator. Next time you come home for the night and you start to put your keys away, think of this: It's a security alarm system that you probably already have and requires no installation. Test it. It will go off from most everywhere inside your house and will keep honking until your battery runs down or until you reset it with the button on the key fob chain.

It works if you park in your driveway or garage. If your car alarm goes off when someone is trying to break in your house, odds are the burglar or rapist won't stick around... after a few seconds all the neighbors will be looking out their windows to see who is out there and sure enough the criminal won't want that.

And remember to carry your keys while walking to your car in a parking lot. The alarm can work the same way there.....This is something that should really be shared with everyone. Maybe it could save a life or a sexual abuse crime.

P.S. I am sending this to everyone I know because I think it is fantastic. It would also be useful for any emergency, such as a heart attack, where you can't reach a phone. A wife suggested to her husband to carry his car keys with him in case he falls outside and she doesn't hear him. He can activate the car alarm and then she'll know there's a problem.

Neighbourhood Safety

Light Up The Night

One of the best deterrents to crime is visibility, as it tends to increase the likelihood of a witness to any activity. The [Light Up the Night](#) Campaign was designed to improve residents' sense of security by increasing light on the streets. This campaign is traditionally launched Halloween Night. However, over the years we have expanded this to a year-round initiative.

We have all heard about turning lights on and off in our homes while we are away in order to give the appearance of someone being at home. This works on much the same principle. While it is true most home break-ins happen during the day, some do occur at night. Your risk of becoming a victim is reduced if your property is well lit.

Most streets in our city have street lamps and a number of the back lanes are lit as well. However you may have noticed that these lights are provided for vehicles, not people. Particularly in mature neighbourhoods, the boulevard trees tend to prevent this light from reaching the public sidewalks. By turning on your front and back lights, you not only provide pedestrian safety but you increase visibility in your yard as well.

We encourage you to either install a motion-activated or photosensitive spotlight to the exterior of your home. Motion activated lights are more common but some individuals have reported that the constant on and off lighting often created more anticipation of problems. Whichever you choose, the cost is only pennies a month. You acquire peace of mind while saving the financial and emotional costs of being a potential victim of crime.

The final benefit of this program is, that in the event a police or emergency response is required at your home, a neighbour's light will help them to identify the home address much more quickly.

Public Schools Sector Review

The following materials have been posted to the sector review website at www.sectorreview2010.com

- **What Was Said reports from the workbooks** - With over 600 workbooks submitted, the report is broken into 5 volumes of over 100 pages each.
- **Questions and Answers** - Three volumes of questions and answers have been posted to the website, with lots of additional facts and information.
- **Summary of participant input from April to June** - This report will be posted shortly, summarizing the input received from April to June.

You are invited to participate in a workshop

There are a series of "hands-on" workshops planned for each sector, where you will review the input to date, along with the facts and data and propose options on how to move forward in ways that address these issues. You can work through the details in a group or on your own, and Edmonton Public School representatives will be on hand as an additional resource.

When and where are the workshops?

The workshops are "drop in" format - you attend at the best time for you and stay as long as you can.

Back to school safety

Alberta Health Services EMS would like to remind parents and students of some basic road safety tips as streets become busier with the return of the school year. Pedestrians and motorists each have an important role to play- road safety is a shared responsibility.

Motorists

- Avoid talking on cell phones, texting, or any other behavior that diverts your attention away from driving.
- Give right of way to pedestrians who have activated overhead crossing lights or who are waiting to cross from a street corner.
- Remember it is illegal to pass vehicles, other than those that are parked, in school zones or playground zones during posted hours.

Around school buses

- Flashing amber lights mean a bus is slowing down to stop. Motorists should do likewise.
- No matter which direction you are coming from, STOP when approaching a school bus with activated flashing red lights - unless the bus is on the opposite side of a divided highway from you.
- Driver courtesy goes a long way. By simply being alert and cautious when approaching a school bus, you are contributing to school bus safety.

Pedestrians

- Cross only at marked crosswalks or street corners that have clear visibility from all directions.
- Make eye contact with all drivers before crossing the street.
- When activating overhead crossing lights, pause before stepping off the curb to ensure motorists in both directions have come to a complete stop.
- Stay within the crosswalk lines until fully clear of the road way.
- Obey pedestrian lights at intersections. Cross the street only when you see the 'walk' sign and only when all cars have come to a complete stop.
- If you are with young children or pets, hold your child's hand firmly and keep a solid grip on leashes when crossing.
- Remember: children learn by observing you. By teaching them safe crossing habits as early as possible you can reduce the chance your child may be involved in a preventable auto/pedestrian collision.

Presidents Message

Hello, I'm Bill Fish, new President of Lendrum Community League. My family and I have lived in Lendrum since 1987 and our girls attended both Lendrum and Avalon schools. I was president in the early 1990s so you have a recycled president!

Thank You

- To Southgate Centre for donating two bicycle racks.
- To Jacob for repainting the bike racks.
- To Harvey and everyone who has helped out at the Athletic Fields.
- To the parents who are planning playground redevelopments.
- To all the volunteers working to enhance our community.
- To those of you who have renewed their memberships.
- To Park Paving for maintaining access to our homes. Yes, sometimes getting in and out can be a problem, but this contractor has been very good about minimizing road closures and delays.

Good News

- A new house in Lendrum! Many of us enjoyed the spectacle of seeing an original Lendrum house lifted off its foundations and trucked away. A Lendrum family has started construction and hope to move in in the near future.
- The new sidewalks, lamp post and roads in the neighbourhood will be completed this fall, unless weather hampers the work.

Reasons to Get Involved

As a community, we have to deal with some issues that continue to affect the safety, liveability, and future of our neighbourhood.

- Traffic
 - Commuters shortcutting on 114 Street and 57 Avenue.
 - Traffic to and from the South Campus station and the Saville Centre (and soon the GO Centre) is speeding on 115th Street - even with the speed bumps!
 - Similarly, residents have noted increased traffic on 54th, 53rd, and 56th Avenues as well as 113A and 114 A Streets.
- South LRT
 - The fence along 111th has a number of deficiencies.
 - Entrance signs - before LRT construction, Lendrum and the all communities south us were promised signage that would identify the neighbourhoods. This has not been done.
- University Farm

- The U of A continues to replace farm land with buildings and supporting infrastructure (South Campus). We are the neighbourhood most affected by these changes and any future developments.
- Potential School Closures
 - Edmonton Public Schools is planning to close a number of schools in mature neighbourhoods throughout the city. Lendrum Elementary and Avalon Junior High are among the 70 schools being reviewed in the Southwest. A group of concerned parents have organized support for our two schools and they need your active involvement.
- Absentee Landlords
 - With the arrival of the LRT, and number of rental homes in Lendrum (and Malmo) has increased. Most of the landlords and tenants do a good job of maintaining their properties but others do not.

Reminders

Check your new sidewalk. It has only a two year warranty - and you are paying half the cost. Some of the faults that must be reported before the two years are up:

- Cracks - these might be either across the walk or along it
- Low spots - water pools on the sidewalk
- Wrong slope - water flows on to your property instead the road
- Spalling - concrete is flaking off, usually at joints or the edge of curbs

If you notice any of these faults, send me an email with the location.

- Renew your membership - or join the community league for the first time. The more members we have, the more influence we will have with our elected officials, especially since this is an election year.

McKernan and Queen Alexandra Community Leagues
invite you to participate in a:

Ward F Trustee Candidates Forum

Wednesday, September 29, 2010

7 to 9 p.m. (doors open 6:45pm)

McKernan Community Hall, 11341-78 Ave

Edmonton Public Schools is reviewing the viability of elementary and junior high schools in the South Central Sector. The outcomes of the review may include program changes, redistribution of students and school closures. Ultimately these decisions will be made by elected Public School Trustees, based on recommendations by Edmonton Public Schools Administration.

Who will you ELECT to represent the interests of our communities in governing our school system?

Come and hear the views of Trustee candidates running in Ward F.
Election Day is Monday October 18 !

The question-and-answer format will cover topics such as the value of schools to community, the Edmonton Public Schools Sector Planning Review process, and decision making criteria used by Trustees when evaluating potential school closures and program changes.

Schools currently under review in the South Central Sector portion of Ward F
McKernan, Queen Alexandra, Windsor Park, Garneau, Belgravia, Parkallen, Allendale, Grandview Heights, Mount Pleasant, McKee, Avalon, Lendrum, Lansdowne, Malmo

Limited parking. Please consider taking the LRT - it is only one block away!

"IT'S OK TO SAY "NO" TO PANHANDLING AND "YES" TO GIVING."

Edmontonians are urged to give money to social services agencies rather than give directly to panhandlers. That's the message of a panhandling awareness campaign called "Have a Heart-Give Smart". Edmontonians care about each other and want to help. Giving money to panhandlers, however, may not be the best way to help people. Giving money to panhandlers may:

- support drug and alcohol addictions
- discourage panhandlers from accessing community resources that can help
- encourage them to work specific areas which can eventually lead to police intervention

There are many places in Edmonton that provide free food, shelter and support. They help thousands of Edmontonians. These agencies need your support. If you want to make real life changes for someone in need, donate your money or time to agencies.

The "Have a Heart – Give Smart" car will appear around town until the end of September. Staff at the car gives information about panhandling and about the social agencies that provide free food, shelter and support.

Phone 2-1-1 or go to 211Edmonton.com for a list of agencies that accept donations on behalf of people in need and volunteer opportunities to provide support.

**MOBILIZE! VOCALIZE!
JOIN YOUTH COUNCIL
TODAY!**

Are you, or do you know youth 13-23 years old who want to make a difference in Edmonton? Youth are invited to apply to be a General Assembly Delegate for the City of Edmonton Youth Council and help make Edmonton a livable city for all. The deadline for the 2010/2011 term is **September 26, 2010**.

The Youth Council has monthly meetings to learn about the projects and plans of the city government and to discuss the youth perspective on these issues and make sure that the voices of young Edmontonians are heard. There are also other working committees where projects, events and ideas come together and make a positive impact on the issues that youth think are important.

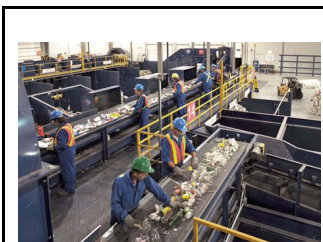

Successful applicants will also be invited for a personal interview in early October with a group orientation afterwards to complete the process. Information and application forms can be found at www.ceyc.ca and can be submitted online, by fax or mail. Please email youth.council@edmonton.ca if you have other questions or would like recruitment posters to display at your school, organization or office.

Fire Pits...what you need to know

Backyard fire pits and fire places are a great way to enjoy the outdoors, but they can be dangerous and the smoke and noise can disturb your neighbours. Fire pits are regulated under the [Community Standards Bylaw](#). Here are a few things you need to do to make sure your fire is safe and legal.

Building a Proper Fire Pit

Within Edmonton city limits, fire pits must:

Be at least 3 meters (10 feet) from buildings, property lines and anything else that could catch fire

- Be less than 0.6 meters (2 feet) high
- Be less than 1 meter (3 feet) wide
- Have enclosed sides made from bricks, concrete or heavy-gauge metal
- Have a mesh screen on top to stop sparks (spark-arrestor) with openings smaller than 1.25 cm (1/2 inch)

If your fire pit does not meet these specifications, you will need to have [Fire Rescue Services](#) inspect it and issue you a permit. To book an inspection call 780-496-3628.

The City's Waste Management Branch is offering a new Assisted Waste Collection service at no additional charge for customers who have restricted mobility.

Collection staff will move garbage and recycling from outside the front or back door of the residence to the curb or lane.

Could you or someone you know benefit from this service?
