**Development Discussion for Lendrum Residents on  
Capital Region Housing Lendrum Project**  
Monday, Dec. 12, 8-9pm at Lendrum Community Hall  
(The Development Discussion will immediately follow our regular  
Community League Meeting)

# Greetings

## President's Message

News from November's Meeting:

1. We have increased the Community League's support of the upcoming spray deck project. The City's latest project proposal was going to leave us approximately \$20K short. In order to keep the project moving forward and have the spray deck completed in 2017, it was unanimously approved to cover the shortfall.
2. Capital Region Housing Development – The next community engagement meeting is set for Dec. 5, Mennonite Brethren Church, 5-8pm. There should be information regarding questions that were not answered at the first meeting and an opportunity to have input with the developer. Also, the Community League would like to provide an opportunity for Lendrumites to discuss the project as a community. So, our December Board meeting will be adjusted to leave time for that discussion. DEC. 12 – REGULAR BOARD MTG 7-8, DEVELOPMENT DISCUSSION 8-9pm.
3. Future Direction - In 2013, Lendrum Community League developed a strategic plan that set direction for 3 years. In those 3 years, we have seen a new playground built, a new spray park about to be built, entered the Abundant Communities Initiative, updated our communications, and hosted a whole whack of social events. And now it is time for us to revisit our strategic direction and set a course for the next 3-5 years. While some activities continue to roll year after year: building membership, budgeting, working with City and UofA, some new initiatives need to be considered.

I am asking for your input for the activities which our Board should be focused on.

What things would you like to see the Community League executive focus on over the coming years? Changes in programs? New capital projects? Are there things we should begin and/or things we should quit?

Some broad categories to work around would be Capital Projects, Social/Recreational, Programs, Facility, Advocacy...

Please send me your ideas, [president@lendrum.org](mailto:president@lendrum.org)

## Message from Councillor Walters

As a Councillor, I co-lead the City of Edmonton's Public Engagement Initiative as well as our Housing Initiative. In this work, I am continuously looking for ways in which the City can improve how it engages with communities throughout Edmonton on affordable housing projects.

In Lendrum, the Capital Region Housing Corporation (CRHC) owns and operates affordable housing units located on the northern end of the community, and they are currently exploring options to rezone and redevelop their property to allow for additional affordable housing units.

Earlier this year, to proactively address the number of questions and comments that generally arise when a development of this type and size occurs within a community, a Community Panel comprised of three independent experts, a Community League representative and a representative from the CRHC was created.

The skills represented by the members on this Community Panel include conciliation/resolution, negotiation, organization, facilitation, residential

project management, and neighbourhood planning experience. The Panel works together to identify areas of concern, and sets out a path to move forward in an environment which promotes open and respectful dialogue - they will ensure all stakeholder voices are represented.

The Panel hosted a public meeting in October of this year, and will look to host another community meeting in the near future. The Panel's work will culminate with the creation of a summary report outlining the communities thoughts, opinions, concerns and recommendations - this report will be submitted as part of the future rezoning application.

As a City, and as residents of communities throughout Edmonton, we need to approach affordable housing in creative and collaborative ways that seek to create healthy spaces and welcoming communities for those in need of housing.

# Civics

## Off Leash Area

Lendrum residents reviewed options for an off-leash area at a community meeting on October 25. Ten people showed up and discussed options.

People generally prefer the 51st avenue/115 street dry pond option however there are several challenges with the site. For example, a fence is needed, steep embankments impede people with hip/knee problems, traffic will be a problem on the tight corner, and there may be conflicts with tobogganing kids.

The City recently said no new dog parks will be considered until 2018. The City will review the existing parks and develop a process for new parks in 2017. When the new process for parks is ready, Lendrum can consider making a submission.

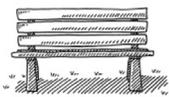

## Route 55 Meeting

There will a public meeting held by Edmonton Transit Service to discuss changes to bus route 55 on Wednesday, Nov. 23 at 7 PM at Malmo Community Hall 11525-48 Ave. If you are impacted by changes to route 55 please send an email to [civics@lendrum.org](mailto:civics@lendrum.org).

## Changes to Community Sandbox Program

The City has decided to change the community sandbox program. The city will no longer offering free sand at community centres. The Lendrum Community League has decided to manage one of our sandboxes for Lendrum residents. Sand is still available to city residents at the 5 Roadway Maintenance Yards. The yard in the Southwest is located at 14710 Eilerslie Road (sand can be found on the roadway beside the eco-station).

## Lendrum is seeking donations of park benches

The City's Benchmark program was established to offer individuals and groups the opportunity to honour friends and loved ones, or to celebrate special events through the rebuild of an existing park bench, or the installation of a new bench. A bronze plaque will be placed on the bench to serve as a lasting tribute. Opportunities also exist for park tables.

Type of Bench	Cost	Includes
New Park Bench	\$4000	Installation of new bench on parkland with memorial plaque. Includes 10-year maintenance plan.
Existing Bench	\$4000	Complete rebuild of an existing bench with addition of a memorial plaque. Includes a 10-year maintenance plan.

For more details, check out: [http://www.edmonton.ca/programs\\_services/tribute\\_honour/benchmark-program.aspx](http://www.edmonton.ca/programs_services/tribute_honour/benchmark-program.aspx) or contact Harvey Guhl at 780.504.7046.

## Park Redevelopment

Thank you to everyone who donated their recyclables to the October bottle drive. Together, we raised \$1529 for the spray park!

The funding deadline for the City is January 1, 2017. This is only seven weeks away! So begins our final push for tax-deductible charitable donations and name brick orders. If you have been thinking of donating or buying a brick now is the time!!

All charitable donations to this project over \$20 will receive a tax receipt. To receive a tax receipt, please make your donation cheques payable to 'The City of Edmonton' with 'Lendrum CL Parkland Redevelopment' in the memo line. The City prepares tax receipts annually. Cheques and forms can be dropped at 5807 113a Street or 5107 115 Street.

More than 30 bricks raising more than \$5,000 have been bought so far for many reasons: birthday gifts, in memory, celebrating original owners, to show support, etc. PearlAnn Reichwein's brick celebrates Lendrum's water park with the words of John Muir, a famous nature writer and founder of Sierra Club. He wrote: "Everyone needs beauty as well as bread. Places to play in and pray in, where nature may heal and give strength to body and soul." Many thanks to PearlAnn and the many other brick supporters!

## Snow Angels Program

Edmonton is a winter city that sees significant snowfall. The snow and ice that accumulates on sidewalks during the winter season is hazardous for everyone.

People with limited mobility, seniors, children, and parents with strollers (and even those with no limitations) may be severely injured from a fall on ice or snow. Uncleared walkways can also make it difficult for those who deliver services in our city—mail carriers, meter readers, delivery drivers and emergency personnel—to do their jobs safely. In fact, each year, hospitals and doctors' offices are filled with people young and old who have slipped and fallen on unmaintained sidewalks.

For these reasons, Community Standards Bylaw 14600 requires homeowners and tenants in a home to clear snow and ice from every walk and driveway on or beside their property, as well as from any other properties they own, including derelict and vacant buildings. Owners/tenants should use sand or ice-melting products to start the clearing process if they can't shovel immediately after a snowfall. The fine for failing to clear sidewalks within 48 hours of the last snowfall is \$100.

This winter, residents in Lendrum who shovel on a regular basis & those who help neighbours in need, may receive a City of Edmonton "Snow Angels" lawn sign from the community league. Snow Angels will also be eligible for a prize pack from Boston Pizza and 1 of 10 pairs of Oil King Tickets.

Become a Snow Angel by:

- Shovelling your walk within 48 hours of a snowfall
- Shovelling a neighbor's walk
- Starting a conversation with neighbours about the importance of clear sidewalks
- Making a plan with your neighbours to share the shovelling

Let's work together to keep our sidewalks clear! Proper snow management by the City and its citizens makes Edmonton a more liveable and loveable winter city.

To get a Snow Angels lawn sign and package, please contact Stew & Anola Carson - Lendrum Community League [stewcarson@shaw.ca](mailto:stewcarson@shaw.ca) or 780.604.0388

## 2016 Chili Cookoff

Come to the hall November 26th, from 5-8 pm, and vote for Lendrum's Best Chili. The \$5 entry gets you a bowl & spoon, 3 votes, and as many refills as you can handle. Voting ends and prizes are awarded at 7:30pm. A variety of beverages will be available for purchase at this family friendly event.

Big prizes for winners in "Best Traditional Chili", "Best Vegetarian Chili", and "Neighbourhood Choice". The winners will have their recipes posted on

our website so the whole neighbourhood can enjoy them.

If you have never submitted an entry in this really fun event – please take a turn, it's the only way this works and it's fun!! To enter your chili, or volunteer for this fun evening, please contact Xanthe at [xloyer@telus.net](mailto:xloyer@telus.net). Looking forward to seeing you there!

### New Year's Day Fireworks Party

Come celebrate the beginning of 2017 with neighbours and friends! Lendrum is hosting a New Year's Day party, January 1, 2017 from 3-5:30 pm at the hall. Come down for some shinny, sledding, skating, and a great fireworks display when the sun goes down. Sunset is expected at 4:26 (!) so fireworks will be about 5:15, when it's dark enough.

Bring your leftover holiday treats, and your new holiday games to the hall where you can warm up with hot chocolate, popcorn and good company.

See you there!  
Georgina

### Event Hosts Needed!

An Event Host is a community member who would like to host a community wide event.

The League would like to extend our thanks to the following community members who have taken on hosting an event this year:

- Summer Campout: Erin Sawyer and Ben Willing
- Turkey Trot: Xanthe Loyer
- Chili Cook-off: Xanthe Loyer
- New Year's Day Party: Georgina Hawkeye
- Winter Fair: Georgina Hawkeye

We still require an event host (or team of hosts) to organize the **summer bbq**. Contact [president@lendrum.org](mailto:president@lendrum.org) if you can take on this role (or if you would like to create a new event).

Part of what makes Lendrum such a vibrant place to live is the community wide events that take place here. Without them, there are fewer opportunities to meet our more distant neighbours and that makes our lives a little less rich.

I was reminded this week (as, perhaps, many of us were), that communities - both large and small - can feel fragile sometimes. I was also reminded that there is strength in diversity, and it is my belief that diversity can help communities overcome challenges they may face. Different people bring different skills, perspectives and life experiences to our community and these differences allow us to grow, learn and adapt.

The Community League meeting this month was a great reminder of this. Individuals from the community came out to share their thoughts on issues that impact the community and them personally. I listened and it was great to witness everyone listen respectfully to each other and be open to new ideas even when it was clear that opinions differed. It is easy to dismiss the ideas of others when they differ from our own, so I was impressed by the ability of all parties to consider each other's points thoughtfully. Change can be hard but it was good to be reminded that sometimes when we try things differently we discover that we like the new way better than the old.

I look forward to learning more from those around me here in Lendrum, whether it's a skill such as gardening or something more complex like knowing when to hold my tongue (something I'm still working on). Thanks for sharing!
