President's Message

Spring has finally arrived and Lendrum is alive with activity. The courts, fields, and playgrounds are buzzing with activity so please obey speed signs and slow down around our schools, parks, and playgrounds.

Since the last newsletter we had a great AGM and almost all needed positions are filled. We welcome Julie Mohler as our new social coordinator, Emily and Ted as newsletter editors, and Erin Sawyer moves to programs. We still need a casino coordinator. This is a vital role as the funds generated by the casino are critical to ongoing programs within the community. The role requires little time between casinos and then ramps up just before and after the casino. It requires completing many forms, setting up schedule, and initiating recruitment for the event. Please contact me if you are interested in this role.

Also, with this great weather, it is a great idea to consider having a block party. They can be large, small, easy or complex. The League has people and resources to help you plan an event to connect with your neighbors. It doesn't have to be complicated and is a fun way to strengthen relationships in the neighborhood.

Message from Councillor Walters

In December, the Government of Alberta announced the development of a new \$325 million Superlab at the University lands by South Campus/Fort Edmonton Park LRT station. Construction is scheduled to start in 2019 and the current proposal for the superlab includes a surface parking lot for its employees right next to the South Campus LRT Station.

I'm certain that a parking lot is not the best and highest use of this land. Building a parking lot at this location would not be a park and ride for LRT users and it would not necessarily be used for overflow parking for residents of the neighbouring communities. This will not alleviate the issues with parasitic parking in the surrounding communities.

I do not support building a parking lot so close to an LRT station. It flies in the face of good urban planning. Of course, there will still be a need for parking at this site - with around 800 employees not all of them will be able or willing to take public transportation. However, I don't see why they would choose the land right beside the LRT station for this proposed parking lot.

There needs to be some thought put into how to effectively use our existing transportation network and the limited space we have available. For example, there is the potential to build student housing on this land right beside the LRT while moving the parking lot to the land North or South of this location. This would become an attractive place for any student to live with easy access to the University and the rest of the city. Building a parking lot at this location would be incongruent with our commitment to building an attractive LRT system.

The City has limited capacity to affect the development of this land, as it is regulated by the province and the University. However, I will ensure we work with the province and start the conversation to make it clear that this land, which is right beside an LRT station, can and should be used in a way that takes modern urban planning principles into account. I would also like to thank the Lendrum Community League for passing a motion saying that it also does not support building a super lab parking lot next to the LRT.

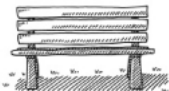

We will be getting a report back on my motion on June 7, 2018 at Executive committee with information on how we can collaborate with the province to ensure this land takes into account all stakeholders and uses the land to its highest and best use.

If you have any comments, questions or concerns please don't hesitate to contact my office by phone (780) 496-8132 or by email at michael.walters@edmonton.ca

Next Community League Meeting

Monday June 4, 7pm

The city of Edmonton has updated its prices and changed its terms for memorial benches. Memorial plaques on benches now exist for a term of 10 years. When that term expires it is the responsibility of the donor to renew -with payment- for an additional ten year term or their plaque is returned. Because of this change Lendrum is not currently encouraging the purchase of memorial benches.

60th Street Apartment Building

The City approved the rezoning of the land north of 60th Street. The Capital Regional Housing Corporation can now build a 6-storey building on the site that currently has two 3-storey apartment buildings. The City felt the 6-storey building was appropriate for a site close to an LRT station. The Mayor said that the building is consistent with transit-oriented development and that the project is good even if it is not as large as other developments in the area of LRT stations.

Alberta Health Services Laboratory Building Near the LRT Station

The proposed laboratory to be built next to the LRT station will have a large parkade. The Lendrum League Board passed a motion at the May 7th Board meeting agreeing to send a letter to Alberta Health Services saying the Board does not support the construction of the parkade. The Board said the parkade contradicts transit oriented development and displaces potential student housing that might be built on the site. The government has not decided where parking will be located. There will be 0.5 lots per worker which is lower than the typical 0.7 lots per worker. Alberta Health Services will hold an open house in October but the date has not been set.

Please email civics@lendrum.org if you want to be on a mailing list for the open house.

Major Transit Changes Proposed

The City is proposing major changes to transit throughout Edmonton. The proposal is designed to increase the frequency of transit and make peripheral travel easier. Three systems are proposed. First a system of frequent-interval buses on major corridors typically going downtown. The 9 bus is such a route but it will be renamed. Second a set of frequent-interval buses moving peripherally around the city to complement the downtown buses. Third, a series of community-oriented buses collecting people to go to frequent-interval buses. Community-oriented buses do not go through the center of communities. The buses run adjacent to the community. In all communities of Edmonton people will need to walk to the edge of their community to get transit.

LRT and Pedestrian Crossing Safety

The City says that all signaling at LRT road and pedestrian crossings are regularly checked to assure signs work properly. All signals must meet federal rail-crossing standards. Nonetheless, Parkallen Community League is meeting this May with City officials about the potential benefit of additional measures. A representative from Lendrum will attend the meeting.

Annual Summer Campout Friday August 18th!

Come camp out in your own community! Bring your tent & sleeping bags, enjoy a craft for the kids, and a hot dog & marshmallow roast for everyone! Please bring a campfire snack to share, and we will provide the rest, including pancake breakfast in the morning. If you're not up for sleeping in a tent, come by with a lawn chair and enjoy the evening around the fire pit with neighbours.

Cost is \$25 per family - all proceeds to Lendrum Park Redevelopment. All children & teens must be supervised by an adult.

The event starts 5:30pm of Friday and is usually wrapped up by 10am Saturday morning.

A few helpers are needed to make this event a big success!

Get in touch with Erin at e.n.sawyer@gmail.com to RSVP (by August 10) and to volunteer.

Lendrum Food Network

The Lendrum Food Network held its second meeting on a snowy day in April. We learned all about extending the season, warming the soil, choosing seeds for the climate, and using the sun to help things along. It's hard to believe that in a few short weeks we are now wearing shorts and in a hurry to get into the garden.

Our next meeting will take place on May 29th, we will be learning about transitioning lawns to food from one of our local experts!

We have tentatively booked a community harvest potluck on Sunday, Sept 9. It is our hope that our community can come together over food, maybe music, and some fun activities for young and old alike. If you would be interested in helping organize this event please let me know.

If you are interested in joining the network, please email Erin at e.n.sawyer@gmail.com and also for those on Facebook, feel free to join our Facebooki group (Lendrum Food Network).

School News

École Lendrum School

Hello/Bonjour from École Lendrum School! Did you know that our school is working with Edmonton Public Schools and the City of Edmonton to create some garden boxes on our front lawn? The Lendrum Community League helped us secure a grant, which was used to purchase garden tools. We are looking forward to having our students and our community work together to create a beautiful space for us all to enjoy. You should see evidence shortly! If you are a “green thumb” and have some time to volunteer, please contact us at 780.434.3588 and we will happily collaborate!

We are projecting 276 students for the 2018/19 school year. We will feature Kindergarten to Grade 6 in English, and Kindergarten to Grade 4 in French Immersion. We accept registrations for families from the Lendrum Place, Pleasantview, and Malmo Plains neighbourhoods.

Our Kindergarten to Grade 3 classes will be learning some traditional dances from La Girandole, a French Canadian Dance Troupe, whose studio is at La Cité Francophone. They will be performing these dances at our month end assembly on Thursday, May 31st @ 9:30. Our K-3 Talent Show is on Thursday, June 14th @ 13:30. Our Gr. 4 to 6 Talent Show is one week later on Thursday, June 21st @ 13:30. Our community friends are welcome to attend these performances.

We wish you a lovely summer and thank you for your contributions to our Lendrum school community!

Malmo Pre-Kindergarten

Malmo Pre-Kindergarten offers enriching half-day programs for children ages 3-5 from September to June each year. The focus of the program is ‘learning through play’ which promotes children’s development physically, socially, emotionally, and intellectually. Arts and crafts, music, physical activity, theme days, literacy activities, special guests, and field trips give each child the chance to develop new skills and explore their world in a supportive learning environment.

Research has shown strong evidence that when children attend pre-kindergarten they enter school better prepared to learn.

If you are interested in learning more about this fantastic program or enrolling your child, please contact registrar@malmopreschool.com or visit our website at www.malmopreschool.com

Lendrum Hall Rentals - Changes are Coming July 1, 2018

Lendrum Hall is busier than ever. During 2017 there were 102 single-event rentals as well as many programs that repeated regularly. For the first time, more rentals were booked by folks who live outside Lendrum (65 non-residents and 37 residents). Income from rentals more than doubled from 2016, from around \$4600 to \$11000.

Of course, the playground, volleyball courts, ice rink and glowing green sports fields attract many renters. Our central location appeals to many residents of the new suburbs who don't yet have their own halls. In addition, Lendrum hall has had the lowest rent among halls in southwest Edmonton (\$25/h or \$100/day for residents and slightly higher for non residents). Perhaps another factor has been that folks could rent the hall without a contract, damage deposit, or proof of insurance.

When most of our renters were our neighbours there was no need for formal contracts. Renters left the hall as clean as they found it and rarely cancelled a booking last minute. In the last eight months, although most renters have acted responsibly, there has been an increased number of cancellations and a few renters have left the hall absolutely filthy.

Without a contract and deposit, our board and the hall rental coordinator have had no power to do anything about these problems. For these reasons, starting July 1 2018, folks who want to rent Lendrum Hall will have to pay a deposit to hold their booking, complete a contract, agree to a cancellation policy, and purchase special event insurance if they plan to serve alcohol. The hall will be inspected before and after each event. Lendrum residents with community league memberships will be able to rent the hall Sunday afternoon or evening for \$50 or any other time for \$25/h.

Innovation Summer Camp

Lego robotics, water rockets, indoor drone racing, autonomous self driving cars and more!! Experience a series of robotics, coding, engineering and hands on fun STEM challenges. Give your budding Elon Musk a chance to challenge their innovative side by attending this 4 day camp where they will experience a wide range of activities that will foster and nurture young minds.

Open to 11-16 year olds.
August 7th - 10th, 2018

If we get sufficient interest we will agree to host the program. If your child would be interested in attending this summer camp please send a quick email to Erin at e.n.sawyer@gmail.com
